EDUCATION

Pomona College – Claremont, CA | GPA: 3.7 May 2027
BA in Cognitive Science and Media Studies | Concentration: Human-Centered Design Engineering

SKILLS

Design: UI/UX & Interaction Design, Design Systems, Rapid Prototyping, Information Architecture, 3D Modeling
Research: Think-Aloud Usability Testing, User Interviews, Focus Groups, Behavioral Research, Experimental Design
Tools: Figma, Adobe Creative Cloud, Unity, Lens Studio, Framer, VS Code, Claude, Replit, Miro
Technical: C#, Python, HTML/CSS, Excel, PowerPoint

EXPERIENCE

Green Jobs Board, Product Design Intern – Remote Jun 2026 – Aug 2026
- Launched the Compass quiz in the design system, shown to 700 at the Green Summit; live as Find your Treehouse.
- Ran a 30-person focus group, then redesigned Treehouse guides to be interactive and community-centered.
- QA-tested the 2.0 launch (15 fixes shipped) and designed the launch marketing campaign.

Periamma, Nonprofit UX Intern (Study Abroad) – Copenhagen, Denmark Jan 2026 – May 2026
- Led a website redesign, optimizing navigation and user flows while preserving legacy functionality.
- Integrated Mailchimp, Resend, and Simply APIs, cutting bounce rate 52% and growing site visitors 168%.

LA-Tech, Lead Product Design Intern – Los Angeles, CA Aug 2025 – Dec 2025
- Won the LA-Tech Rising Internship Innovation Award as sole designer of Nodo, an encrypted organizing app for activists, leading a 6-person team from research to a tested, working prototype in 8 weeks.
- Interviewed organizers, student activists, and volunteers to define four design principles, then ran usability audits and competitive research to guide product decisions.
- Led a Waymo partner project designing autonomous vehicle interface concepts for decisions in severe weather.

Snap Inc., Augmented Reality Extern – Remote Jul 2025 – Aug 2025
- Designed and programmed an interactive AR filter in Lens Studio with face/body tracking, 3D modeling, and scripting.

Green Jobs Board, Product Design Intern – Remote Jun 2025 – Aug 2025
- Built Treehouse from a bare "knowledge hub" idea, researching 21 career pathways and outlining 10 guides.
- Grounded the content in a 15+ platform audit, bilingual interviews, and trainee field research at GRID Alternatives.
- Prototyped a career quiz and created guide blueprints shared at the Green Summit pavilion; featured by the Hive.

PROJECTS

Fix It in Post-It (Shipped Interactive Game**),** Designer & Developer Oct 2026
- Designed and shipped a 3-level pixel-art platformer, free on itch.io, where players experience the problems of Claremont students to spark dialogue with campus administrators.
- Developed mechanics and UI in Unity/C#, playtested with 10 players, for Campus Design Lab's design training.

Scripps College Data Science Minor Website, Designer, P-ai Student Tech Club Oct 2024 – Dec 2024
- Led a visual and informational redesign of an academic website to improve accessibility, using student research to fix critical navigation pain points.
- Designed wireframes and high-fidelity Figma prototypes across 8+ iterations based on stakeholder feedback.

COMMUNITY LEADERSHIP

World Studios, Co-founder & Studio Lead, Campus Design Lab – Claremont, CA Mar 2026 – Present
- Lead Campus Design Lab, a 40-member design club, running two project teams in parallel through design sprints.
- Drive outreach, partnerships, and workshops teaching human-centered design across the Claremont Colleges.

Harvey Mudd College Makerspace, Steward – Claremont, CA Aug 2025 – Present
- Advise students on CAD, 3D printing, and rapid prototyping, supporting 100+ engineering and design projects.

AWARDS | LA-Tech Rising Internship Innovation Award (LA-Tech, 2025), Sagehen Award for Campus Leadership as a Sponsor (Pomona College, 2024)
